

# PROFESSIONAL OATHS & ETHICAL STATEMENTS

---

## Shaping a Healthier Future

All members of Sonoran University's community are stewards of the University Code of Professional Conduct and Academic Honor. As current and future healthcare providers, our ND and MSCN students, SPE candidates, clinicians, and alumni of our clinical programs have an additional obligation to demonstrate a commitment to upholding the following professional ethical and legal standards expected of them by their chosen profession:

- College of Naturopathic Medicine Oaths (<https://catalog.sonoran.edu/student-handbook/professional-oaths-ethical-statements/college-naturopathic-medicine/>)
- College of Nutrition Oath (<https://catalog.sonoran.edu/student-handbook/professional-oaths-ethical-statements/college-nutrition/>)
